

GRANT WRITING RUBRIC

Assignment description and directions:

For this assignment, you will write a grant to a hypothetical foundation requesting \$50,000 for a specific project that your nonprofit will undertake. You should follow the template posted to iCollege for your grant application. The combined length of this assignment should be between three and five pages, and the assignment is worth 100 points.

- Grant Writing (90 Points)
 - Grant application follows the Grobman outline consisting of an introduction, statement of need, objectives, project description, budget, evaluation, and conclusion.
 - Introduction quickly summarizes the organization, its mission and its purpose, demonstrating the capacity to operate the funds requested in the grant proposal.
 - Statement of need provides evidence of need for the program proposed and how the funding will fulfill that need.
 - Objectives provide clear and measurable goals with an outcome timeline for the program to be funded.
 - Project description provides specific details (who, what, when, where, why, and how) on the project.
 - Budget demonstrates a sample budget demonstrating how the \$50,000 will be allocated.
 - Evaluation documents how the program will be evaluated and defines what a successful outcome looks like
 - Conclusion provides a succinct summary and final sales push to the granting agency, highlighting the impact on the community their money will have.
 - Sample grant application consists of three to five pages.
- Organization, Grammar, and APA Requirements (10 Points):
 - Assignment has a proper flow, section titles and breaks are implemented logically, transitions between paragraphs are used, and paragraphs are structured appropriately.
 - Assignment correctly utilizes APA formatting including 12-point Times New Roman font, double spaced, 1" margins.
 - Writing is appropriate for a 3000-level undergraduate course.
 - Proper grammar is utilized.
 - Reference page is included and separate from content section if references outside of the textbook are employed.
