

NONPROFIT PORTFOLIO RUBRIC

Assignment description and directions:

For your final assignment, you will be compiling the work you have constructed throughout the semester into a single document, your nonprofit portfolio. As advised in the syllabus, this is not going to be a simple copy and pasting of the documents into a singular document. This document should look professionally compiled together, similar to a nonprofit annual report that most larger organizations create for members and donors. Please reference your favorite nonprofit organization's annual report as a construction guide. Additionally, I expect you to integrate the feedback provided throughout the semester into your final portfolio. Finally, you will be adding a table of contents, as well as a page long executive summary to the nonprofit portfolio. Expectations for these sections are included below.

- **Content (225 Points)**
 - Your portfolio has the following sections:
 - Nonprofit Name
 - Table of Contents
 - Executive Summary
 - Mission Statement
 - Vision Statement
 - Community Issue
 - Grant Proposal
 - Revenue Sources and Fundraising Strategy
 - Personnel Strategy
 - Press Release
 - Marketing Plan
 - Table of Contents correctly identifies the page each section begins
 - Executive Summary summarizes the purpose and overarching goals of the organization, along with initiatives either undertaken or to be undertaken in the next year (as highlighted in the grant proposal and press release assignments). This should take no more than one page.
 - Sections have all been updated with feedback provided throughout the semester.
- **Organization, Grammar, and APA Requirements (25 Points):**
 - Portfolio is well organized similar to a nonprofit annual report. A table of contents is present, along with an executive summary detailing a summary of the organization before flowing into the pieces of the portfolio put together throughout the semester

- Portfolio correctly utilizes APA formatting including 12-point Times New Roman font, double spaced, 1" margins.
- Writing is appropriate for a 3000-level undergraduate course.
- Proper grammar is utilized.
- Reference page is included and separate from content section if references outside of the textbook are employed.
